

RESOLUTION TO IMPEACH GOV. SULZER INTRODUCED IN NEW YORK ASSEMBLY

Frawley Committee Report is Adopted by the State Legislature

LEVY'S RESOLUTION

Assemblyman Would Impeach Executive for Wilful and Corrupt Conduct in Office

SULZER MAKES NO COMMENT

ALBANY, N. Y., Aug. 12.—The report of the Frawley legislative committee charging Governor Sulzer with having diverted campaign contributions to his own private use was adopted by the legislature early today and a resolution to impeach him for wilful and corrupt conduct in office and for high crimes and misdemeanors was offered in the assembly by Majority Leader Levy. The Frawley committee report and the Levy resolution charge the governor with having falsified under oath his campaign contribution account, diverted some of the funds to his own use for the purchase of stock, traded executive approval of bills for support of his direct primary measures and having done everything in his power to obstruct the committee's efforts to bring proof of his alleged misconduct to light. The adoption of the report carried with it a recommendation that Louis A. Sarecky and Frederick L. Colwell, who refused to answer certain questions propounded by the committee's counsel be held in contempt of the legislature and punished. Sarecky and Colwell are characterized in the report as Governor Sulzer's dummies.

Postpone Consideration.
Never in the history of the state has an executive been impeached. After introducing his resolution to impeach, Assemblyman Levy asked that its consideration be postponed until later today. This motion was opposed by Minority Leader Hinman, who has championed the governor's cause and by Assemblyman Searles, leader of the progressives. Both Hinman and Searles had led a two hour fight for postponement of action on the resolution to adopt the Frawley committee report. The fight in the senate over the adoption of the report was brief, the session lasting only forty-five minutes. The upper house was dark long before the question came to a vote in the crowded assembly chamber. For two hours a throng that crowded every niche and cranny of the big chamber stood patiently and silently—save on one occasion—waiting for the vote.

Has Nothing to Say.
The light in the library of the executive mansion was burning low and the rest of the big house was dark when the assembly voted to receive the report. Governor Sulzer had waited there all evening, contrary to his usual practice of visiting the capitol when the legislature is in session and heard the news over the telephone. He made no comment thereon. By a vote of 64 to 30 the assembly passed shortly before 1 o'clock this morning the motion of Assemblyman Levy to introduce today the resolution to impeach the governor. The house adjourned at 12:55 a. m. until 11 o'clock Tuesday.

Levy's Resolution.
Here is the resolution calling for the impeachment:

"Whereas, The joint legislative investigating committee has filed a report in the assembly on the eleventh day of August, 1913, together with testimony annexed thereto, showing or tending to show that Governor William Sulzer of the state of New York made a false and fraudulent report to the secretary of state under his oath as required by law, that the total contributions in aid of his campaign as candidate for the office of governor were \$5,460 and no more, and

Whereas, In truth and in fact the amount was greatly in excess of said sum to the personal knowledge of said Sulzer; and such report further showing or tending to show, that he converted to his own private use, contributions given in aid of his said election for the purpose of securing or other private uses; that he engaged in stock market speculations at a time when he was governor and was vigorously pressing legislation against the New York stock exchange which would affect the business of and prices of the exchange; that he used the power of his office as governor to suppress and withhold the truth to prevent the production of evidence in relation to the investigation of campaign contributions and violations of law in respect thereto by ordering and directing witnesses, some of whom were employees of the state to act in contempt of the joint legislative committee and that further he used his office as governor in rewarding or attempting to reward such witness or witnesses by securing or influencing their appointment or promotion in the state government; that as governor the said William Sulzer has punished legis-

lators who disagreed or differed with him in legislation enacted in the public interest and public welfare and has traded executive approval of bills for support of his direct primary and other measures in which he was personally interested; that as governor he wilfully and corruptly made false, public statements advising and directing citizens to suppress evidence in reference to his unlawful use of contributions made to him for campaign purposes; and

Whereas, He has otherwise corruptly and unlawfully acted or omitted to act; therefore, be it Resolved, That William Sulzer, governor of the state of New York, be and hereby is impeached for wilful and corrupt conduct in office and for high crimes and misdemeanors."

May Seek Injunction.
A general report was current among senators and assemblymen early this morning that friends of Governor Sulzer were endeavoring to obtain an injunction to stop the legislature at its session today from consideration of impeachment proceedings. The report was impossible of verification and could be traced to no particular source.

GLASS DEFENDS CURRENCY BILL

Chairman Glass Lays Administration Currency Measure Before House Caucus

IS GIVEN GENERAL SUPPORT

Several "Insurgents", However, Suggest Agricultural Amendments and Lead Glass to Make an Emphatic Defense of Bill

CAUCUS WILL OCCUPY ENTIRE WEEK

WASHINGTON, Aug. 11.—A discussion of the administration currency bill by one of its authors was received with general applause and support in the first meeting of the caucus of the house Democrats before which the measure is to be worked over and its fate determined. Representative Glass' speech followed an unsuccessful attempt by the insurgent Democrats of the banking and currency committee to have the caucus thrown open to the public.

Lead by Representatives Nealy of Kansas and Ragdale of South Carolina, members of the committee, Representative Henry of Texas and others, the advocates of open caucus mustered 63 votes against 119. The currency bill was laid before the caucus by Representative Glass as chairman of the committee with the endorsement of eleven Democratic members. Representatives Nealy and Ragdale and Representative Eagle of Texas withheld their approval. Mr. Glass' speech in explanation of the bill which began as a general statement of purposes and hopes of its framers, was turned into an emphatic defense of the measure when the "insurgents" insisted that it should make provision for the issuance of currency upon warehouse receipts for corn, wheat and cotton.

Speculation would receive the active support of the government, he declared, if these amendments were put into the bill.
The legitimate demands of farming communities, he said, for money to carry on ordinary farming and commercial operations, were fully covered by the measure and to make warehouse receipts for cotton or grain a security for the issuance of the proposed new treasury notes would furnish the means by which speculators could hold the cotton and grain crops in storage for an indefinite period.

Will Make Few Changes.

Friends of administration bill as result of today's opening session, predicted that the caucus would approve the measure with few changes. Representatives Early, Ragdale and Eagle will lead a fight, however, for the adoption of the proposed agricultural amendments and also for amendments to prevent interlocking directorates of national banks and to prevent banks from loaning money to their officers. The caucus agreed to allow eight hours of general debate on the bill, one-half to be controlled by Chairman Glass and the other half by Representative Nealy of the "insurgent" forces. It is expected that the caucus will run through the week as the bill will be read and debated section by section after the general debate is ended.

Makes Slow Progress.

Democrats leaders in the senate are considerably perturbed over the failure to make progress on the tariff bill and for several days informal conferences have been held with progressive Republicans and regular Republican leaders in the hope that some means to hasten consideration of the measure might be found. It was stated tonight, however, that nothing definite had been accomplished. For the purpose of sounder Democratic leadership have inquired what progress could be made on the tariff should it be definitely agreed that the senate would not take up the currency bill at the present session. No assurances, it was reported, were given as to a definite time for voting on the tariff, but it was asserted by minority leaders that such an assurance undoubtedly would lead to earlier action on the tariff. Certain suggestions also have been made as to possible amendments affecting wheat, barley and other agricultural rates but minority members were not disposed to bar gains, because of conference action on amendments of this character.

Cast Iron Pipe on Free List.

The informal negotiations have given rise to a rumor that currency legislation would not be insisted upon at the special session, but this was declared to be entirely without foundation insofar as the views of the president and a majority of the Democratic senators were concerned. Meanwhile consideration of the bill drags on. Today little progress was made, several paragraphs of the metal schedule being under discussion chiefly lead the cast-iron pipe. Cast iron pipe which the senate finance committee transferred to the free list striking out the house rate of 12 per cent was discussed by Senator Clark of Arkansas. He said this product was so controlled by combinations that unfair prices were artificially maintained. Senator Cummins said he did not believe there was a monopoly in control of

Frank Duffy of Columbus, O., general secretary of the United Brotherhood of Carpenters and Joiners of America, spoke on apprenticeship and industrial education. He said unions oppose industrial schools because they did not prepare mechanics for the work of the world. He favored public schools for industrial training.

MAY REVEAL FACTS IN LOGUE MYSTERY

Suspect Charges Charles Snyder with the Murder of the Diamond Merchant

SNYDER MAKES NO COMMENT

Accused Man Has Nothing to Say in Regard to Story of John Faith That He Shot and Stabbed James H. Logue

POLICE WILL TRY TO GET CONFESSION

CHICAGO, Aug. 11.—John Faith, charged with Charles Snyder with the murder of James H. Logue, a diamond merchant last December accused Snyder of having committed the crime when they were arraigned in municipal court today. The charges were continued to August 19th and both men were held without bail.

Faith denied having participated in the crime but related a story of the murder which he swore, Snyder had told him.

"Snyder told me he went to Logue's office armed with a revolver and said he had some jewels to sell," said Faith. "Logue pulled the shades down and Snyder pointed his gun at him."

"Snyder said he got nervous for fear Logue would yell and shot him. Logue fell in front of the safe and Snyder dagged the body aside and rifled the safe. Then Snyder said he was afraid Logue would revive and stab him several times and then got away."

Snyder would make no comment on Faith's charge.

Some Admissions Verified

Deputy Supt. of Police Schuetzler tonight declared that some of the admissions made by Faith has been verified, one feature being a statement by Faith that he had met Snyder downtown two days before Logue was killed and that their meeting was interrupted by Mrs. Faith. Deputy Schuetzler also declared Faith had given him information by which he expects to recover some of the diamonds taken from the Logue safe. The police say Faith say given them information by which they hope to recover most of the gems.

"I will start tomorrow with an attempt to get a confession from Snyder," said Deputy Schuetzler tonight, "and will then have all the witnesses in the case come to my office and try to identify the prelovers."

Most of the diamonds stolen were pawned in St. Louis according to a statement of the police.
The detective said tonight they had the name of a pawnbroker buying the goods and a description of the when who sold them to him. The two men were arrested two days ago on information said to have given the police by Mrs. Faith.

OFFICIALS RELIEVED BY MEXICAN EVENTS

COURSE OF EVENTS IN MEXICO BRING RELIEF TO ADMINISTRATION

With Little Hostility Shown in Mexican Capital to Lind's Presence There Officials Are Disposed to Believe the Program of the American Government May Be Carried Out.

WASHINGTON, Aug. 11.—Distinct relief was apparent in official circles here today over the course of events in Mexico.

The statement of Frederico Gamboa, the new Mexican minister of foreign relations, that he had "great faith in the reasonableness of the judgment of the United States," holding the conviction that the difficulties between the two countries "soon would be adjusted" produced a very favorable impression in administration circles.

Secretary Bryan commented optimistically on it and white house officials also were pleased. President Wilson pointed out during the day to callers what seemed to him conspicuous efforts on the part of some people unknown to him through published misrepresentations to involve the United States in intervention. He reiterated that the attitude of this government toward Mexico in the present situation was one of peace and friendliness solely.

The safe arrival in Mexico City of John Lind, personal representative and officially designated advisor to the American embassy, ended some tense moments in the situation. Administration officials tonight looked forward hopefully to a favorable reception of their efforts to suggest measures of peace in ending the struggle between the contending factions in Mexico.

With the air cleared of rumors of hostility in the Mexican capital to Mr. Lind's presence there officials were disposed to believe the program of that American government would be carried out quietly and in such manner as seemed most expedient to Mr. Lind and the embassy at Mexico City.

Captain Capehart of the battleship Michigan which proceeded last Thursday from Vera Cruz to Ciudad del Carmen as the result of a complaint to the state department by Mrs. Phoebe Hearst that rebels were threatening American life and property in the region of her ranch near that place, has reported that "American subjects are in no danger." Americans have not been threatened and American and foreign subjects have received proper protection from the Mexican authorities.

Order to Return to Guaymas.

San Diego, Calif., Aug. 11.—Radiograms received tonight from the United States warships patrolling the Gulf of California report that the armored cruiser Pittsburgh, which had started for San Diego with refugees was ordered to return to Guaymas and remain there pending further instructions from the navy department. The supply ship Glacier, which was to have sailed today with refugees for San Diego and San Francisco has been ordered to remain at Guaymas indefinitely.

According to the reports received the rebels have compelled the Huerta forces under Gen. Pedro Ojeda to concentrate at Guaymas, where they will make a stand and if defeated will seek refuge on the Mexican warships. Many refugees now on board the Pittsburgh, Glacier and Buffalo are employees of the Southern Pacific railroad and were stationed at Empalme, which has been occupied by the rebels.

Message Ready to be Presented.

Mexico City, Aug. 11.—The message of the state department at Washington which John Lind, the personal representative of President Wilson, has for President Huerta is ready for presentation. At least a part of the state department's desires are expressed in a document which was translated into Spanish today. Nelson O'Shaughnessy, the American charge d'affaires, took steps today to ascertain whether the Mexican government would receive the communication, that it will do so there is little doubt, since it has never expressed unwillingness to accept embassy communications and the receipt of this message would not involve the reception of Mr. Lind or Dr. William Bayard Hale, who also is in Mexico on behalf of the state department. All persons concerned in the presentation of the statement of the real attitude of the United States government toward Mexico are confident as to its character but there is reason to believe that the first note if it is accepted will be followed by at least one other and that the full import of Washington's suggestions or demands will be left for a still later stage.

S. A. Jennings and Marvin Ferrer, the American newspaper correspondents were arraigned last night and held by the minister of interior were released from custody tonight.

Issues Statement.

London, Aug. 11.—The British government, nettled by the comment of certain American newspapers concerning Great Britain's recognition of President Huerta, declares that the comment is based on a misconception of facts. It also repudiates the insinuation that power financial institutions were useful in bringing about the recognition. In a statement issued today the government says:

"The recognition of President Huerta was done on the advice of

MULHALL BEGINS HIS SECOND TESTIMONY

Testifies as to His Experiences Before Investigators On House Side of the Capital

WILL BEGIN DETAILED PROBE

Committee Will Systematically Take Up Each Public Man Mentioned in Letters and Examine Witness Regarding Each

MUCH OF TESTIMONY IS REPEATED

WASHINGTON, Aug. 11.—Martia M. Mulhall began the second recital of his experiences in influential legislation today before the investigators on the house side of the capitol. The greater part of his testimony was a repetition of matter which he had already told to the senate committee.

The house committee began a detailed probe of the Mulhall charges. The committee plans to take up systematically the various members of congress, employees of congress and other public men mentioned in the correspondence and examine the witness regarding each individual. Following the plan, all the Mulhall letters relating to Representative Richard Bartholdt of Missouri and Mulhall was questioned about them. The letters related to the activity of Mulhall in securing assistance from Bartholdt in preventing a report on an eight hour labor bill from the labor committee and in support of the Littlefield anti-pilotage bill which the association of manufacturers favored. The letters and Mulhall's testimony told of arranging to secure the support of Bartholdt and other members for the anti-pilotage bill, by working to hold up in the house judiciary committee a bill forbidding the interstate shipment of intoxicating liquors to which Mr. Bartholdt was opposed.

Mulhall said that through the nation council for industrial defence the Citizens' Industrial association of St. Louis was "always put in motion to assist Bartholdt in his campaigns."

Mulhall said he believed Mr. Bartholdt did not abandon his personal convictions to support the interests of the National Association of Manufacturers. A letter from Representative Bartholdt earlier placed in the record, denied that the association had ever influenced his vote.

The committee tomorrow will continue the taking of testimony relating to men now in congress, including Representative McDermott of Illinois.

A slight outbreak of fire caused the audience to rush blindly toward the exits. Of those hurt in the crush fourteen are believed tonight to be dying.

ST. LOUIS, Aug. 11.—That the resumption of the fire insurance business throughout Missouri tomorrow will be marked by a material reduction in rates is the opinion expressed by fire insurance writers today.

THE MITCHELL PLAYERS AT GRAND OPERA HOUSE.

The Mitchell Players opened a weeks engagement at the Grand Opera House last night offering the beautiful society comedy drama, "Pride of Virginia." They proved themselves to be the most capable dramatic company that has been seen in Jacksonville at ten cent prices.

The play had a quaint southern atmosphere, with a pleasing love story and dramatic situations, making it a production far above the kind that is usually given by stock companies. Manager Mitchell in his address of thanks to his audience explained that his company is not in the habit of playing at these prices but as Manager Hunt has purchased the company outright for the week

the house prices given. In addition to this beautiful play vaudeville was introduced between acts which was in itself worth the price of admission. The company will be seen here for the entire week, during which time they will produce a different play nightly. The offering for tonight is original road production with the company's special scenery, "The Little Tenderfoot". To miss seeing this company is to regret it. Prices all week, 5 and 10 cents.

FIRE IN BASEMENT

CAUSED SUNDAY ALARM

Small Amount of Damage Done at Frost Electrical Establishment.

About 6:30 o'clock Sunday evening the fire department was called to the electrical establishment of E. R. Frost on West Morgan street, where smoke had been discovered rolling from basement. The firemen had some difficulty in gaining access to the building and it was necessary to break the glass door at the front and to cut several holes in the floor. The cause of the fire is not yet determined, but indications are that timbers underneath the floor caught fire from electric current. The total damage to Mr. Frost's stock and to the property itself, which is owned by Miss Mary Smith of South Diamond street, will not exceed \$200. The fire was very difficult to fight as the basement is very shallow and uneven and the smoke was so dense it was necessary to use a stream of water in addition to the chemical engine. Mr. Frost had some globes and other goods stored in the basement and part were damaged and a few others were probably carried away. Chief Woods said yesterday that he was really unable to tell what had caused the fire, unless it was the electric wires in some way ignited the woodwork. A deputy fire marshal came from Springfield Monday to investigate the fire. Mr. Frost and two of his employees were out of the city until late Sunday night, as they left about 11 o'clock Sunday morning for a motorcycle trip.

SUNDAY AT BROOKLYN.

One of the largest audiences yet seen at the Brooklyn lawn services was present Sunday night. Every seat was taken, many sat within the church; many on neighboring porches and lawns and many lined South East and Bissell streets in carriages.

The music was most inspiring. Just now all the musicians are Brooklynites and under the accomplished leadership of Mrs. Duncan, they are surely giving most creditable performances.

Sunday night the vested chorus, flanked on the right by a detail from the "Young Hickories" chorus and backed by the regular chorus, made a combination of about 30 voices. The full chautauqua vesper service was used, and the boys sang "The Battle Hymn of the Republic" with enthusiasm. Besides the regular invocation, chant, offertory, etc., by the choruses, there was an anthem, and Mr. J. M. Starr rendered a fine solo.

Rev. Mr. Alkire took the word "Hurdling" for his theme, correlating the thought with the Bible verse "Let us go on unto perfection." He traced the historical barriers which our nation has had to leap; emphasizing how we have halted, thinking the hurdles of independence, slavery, saloon, suffrage, corrupt legislation, monopoly, double social standard, etc., were too high to leap. But humanity first crawls, then staggers, then walks, then runs and leaps. He illustrated how it took centuries to civilize the Anglo-Saxon, and one night to send him back to savagery, by the Springfield mob of a few years since.

His closing appeal was for citizen and Christian to "Go on unto perfection," and for the sinner not to halt before the hurdles of doubt, hypocrisy, procrastination, self-righteousness, etc. Many pronounced the sermon and all the best of the outdoor programs to date.

STATE MISSIONARY SECRETARY AT CHRISTIAN CHURCH

J. Fred Jones of Bloomington, secretary of the state missionary society of the Christian church, was heard in two strong addresses Sunday at the Central Christian church.

State missions are the mother of all missions said Rev. Mr. Jones in his morning address. Without state missions there would be few strong churches throughout the country, many congregations were at one time dependent on state missionary aid.

Without local congregations' home and foreign missions would scarcely be able to exist.

The book of Jonah was the theme of the evening address of Rev. Mr. Jones. In a sermon abounding in epigrams and witicism as well inclusive reasoning and well pointed moral, he declared the reason of his own belief in this much maligned book and showed its effective application to American life today.

RECALLS PICNIC IN 1863.

Event Held in Woods Near Pre-
tence Came Near Being a Battle Be-
tween Standard Bearers of North
and South.

A well known citizen recalls the
picnic which was appointed to take
place in the woods near Pretence
August 11, 1863, just fifty years ago
yesterday. He said yesterday:
"The picnic came off all right in
a grove a little west of the Chicago
& Alton tracks, then called the
"Tonica and Petersburg." A goodly
number went up on the excursion
train in the morning and got home
about dark. There were probably
three to five thousand people there.
But at one time the gathering bade
fair to get a good piece from being a
Sunday school picnic. Along about
noon a man cheered for Jeff Davis.
He was promptly knocked down by
Richard Gregory of Jacksonville.
Then his friends got behind him and
the union men got behind Gregory.
A road ran through the woods and
the two forces gathered on either
side of it in considerable force armed,
perhaps with pistols and with sticks
picked up for clubs. John W. King,
with some friends got up in a wagon
and he called for three cheers for
the union, then three for Abraham
Lincoln, then three for Dick Yates,
which were given with a will. The
other side withdrew and there was
no fight.

SPRINGFIELD MAN KILLED.

Thomas Cullen Shot Down By Wil-
liam Berry of Peoria—Men Quar-
reled Over Girl.

At Springfield Sunday afternoon
Thomas Cullen was shot and killed
by William Berry of Peoria. The
murder was committed in a pasture
a short distance west of the city
where a company of men and wo-
men had attended a keg party. Cul-
len and Berry engaged in a battle
in a pasture, a short distance west
of West Grand avenue, over the al-
leged infatuations of the pair for
Pearl Lowe, who resides at Rutledge
and Reynolds streets. Berry, who
says he is a resident of Peoria, was
arrested by the police some time after
the killing. He declares he fired
the shot in self defense.

OFF FOR ENGLAND.

Thomas Irlam left yesterday for
England with his two nieces, Misses
Cora and Lucy Irlam. They expect
to sail on the steamship "Coronia"
the evening of the 13th from New
York, for Liverpool and return Oct.
5 on the Canadian Pacific line,
"Empress of Ireland" landing at Que-
bec.

This will be the first time Mr. Irlam
has seen his native land since
leaving it 35 years ago. He expects
to visit Manchester, Glossop, and
many other places in both England
and Scotland and is anticipating a
fine time which his numerous friends
sincerely hope he will have.

CITY HALL VS. CARMEN.

The city hall and carmen baseball
teams will meet on the diamond at
Nichols park today at 2:30. There
will be no admission charges. Al-
though the line-up on both sides is
substantially the same as in the
game played by these teams a short
time ago, the carmen feel that they
are in good enough trim to retrieve
their defeat by a score of 9 to 7 at
the hands of the city hall men. The
city hall delegation have no doubt
of their ability to "come back." The
batteries will be: City Hall, From-
bone and Stewart; Carmen, Doolin
and Correa.

CONVENTION OPENS

HERE TODAY.
The grand convention of the
Eureka Grand Chapter of the Eastern
Star will open in this city to-
day, the sessions to be presided over
by Mrs. C. O. Lewis of Cairo, worthy
grand matron; and Samuel Carey of
Chicago, worth grand patron. The
jurisdiction of the Eureka Grand
Chapter comprises Illinois and parts
of surrounding states, in which
there are sixty-nine lodges. About
thirty delegates to the convention
arrived in the city yesterday and
a large number is expected today.

field. Lieut. W. P. Phillips left Sat-
urday for Indiana where he has a
number of chautauqua engagements.
Mr. Phillips expected to hand in his
resignation as soon as camp was over
but decided to wait for a time. The

Lincoln as time profitably spent.

HELD FAMILY REUNION.

A family reunion was held at the
residence of Michael Quinn in Mur-
rayville Sunday, attended by about
thirty people. The affair was also
in the nature of a farewell party for

Beatrice Quinn and Timothy Quinn
of Patterson, N. Y., who are soon
to leave for their home, after a three
weeks visit at the home of Thomas
Quinn in Winchester and Michael
Quinn. An elaborate dinner was
served and the day proved a most
enjoyable occasion.

tunities for it to show the high state
of perfection attained by a long and
arduous drill practice.

OPENING OF DETROIT RACES PROVES TAME

ONLY REAL CONTEST WAS BOARD OF COMMERCE STAKE.

Event for 2:16 Pacers Goes Five Heats Before It Is Captured by Margot Hal—Dillon Axworthy Takes Matron Stake.

Detroit, Aug. 11.—Racing at the opening of the Grand Circuit meet at the state fair grounds today was rather tame. The only real contest was in the Board of Commerce stake for 2:16 pacers which went five heats before Margot Hal was returned a winner.

Dillon Axworthy won the trotting division of the Matron stake, Tiltie Tipton the pacing division and Lord Dewey the 2:15 trot, all in straight heats.

Dillon Axworthy was by far the best among the ten starters in the Matron trotting section. The pacing section had only three starters, was merely a procession from start to finish in both heats, the colts never changing their relative positions after the word was given.

It took Margot Hal some time to get-a-going in the Board of Commerce stake, but when she finally found her stride she made a show of her opponents.

Lord Dewey had everything in the 2:15 trot, taking three heats as he pleased.

SOME OFF-SIDE CHUTES

The blow that "killed papa" hit Lou Richie Saturday, when the lurid one was ditched to Kansas City in exchange for Jim Vaughn, formerly of the Yankees, who was sent to the Kaw's mouth near the close of last season, Richie, who in former years was known as the Giant-killer, because he had something on the McGrawites at all times until this season, has been slipping rapidly since the opening of the 1913 campaign, and his sorry showing in Friday's game of the Cubs against Philadelphia hurried his departure to the minors.

Washington, D. C., press agented the most silly piece of bunk Saturday night which has yet been handed to a long suffering public. A youngster named Warren A. Slee has been lying seriously ill at the national capital for some time, and Walter Johnson, the star slaban, learning that one of his admirers was not improving under a physician's care, mailed a letter to young Slee. Accompanying the letter was a baseball which he had used in one of his eleven straight victories. So overjoyed was the invalid when he received such recognition from the great Walter, he canned the doctor's prescription and is now reported on the highway to recovery. And Johnson is without a license to practice medicine. Wouldn't that jarr you loose from a happy home?

If late press dispatches speak the truth, there is much trouble in the ranks of the Giants over the shuffling of Doc Crandall to St. Louis in exchange for Larry McLean. One of the dispatches tells of a "little incident in Cincinnati last Friday night. Some of the McGraw crew wandered off the hotel preserves in search of the anti soap-suds for which Cincinnati is famous. They returned late in the night, and they showed every evidence of having been over in cinny's Rhine. McGraw was sitting up when the bunch returned, and he proceeded to lecture the recalcitrants, when the Crandall switch was brought up. His McGraws was in no humor to be criticized for his acts, and started to chastize the spokesman as he was wont to do with "Bugs" Raymond. The crew double teamed him, and when bystanders interfered and crabbed the hostilities McGraw was badly mussed up and the claret was flowing freely from his mouth and nose.

There appears to be no foundation for fact in the Lardner quip that several saloons turned in their licenses when McLean was transferred from St. Louis to New York. One thing, however, is true; the breweries at the Mound City will quit working overtime.

Jockey McTaggart was the honey boy at Saratoga on Saturday. He had three mounts, all of which caught the judges' eye first. He had the leg up on but one favorite, a 3 to 5 shot. The other two were of the longshot variety, one at 16 to 1, and the other at the round about price of 19 to 1.

Jackson is slipping in his lead as premier swatsman of the American league. The last official averages give him a per cent of .391. Cobb is close up with a mark of .383, and Speaker is third with .366. Yungblut still tops the National league with .378. 8 points in advance of McDonough of Boston, with Miller of Philadelphia third at the .365 mark.

Kansas City has been cut short in the supply of gas from the natural wells of Kansas and Oklahoma. When the Blues' recent acquisition, Lurid Lew Richie, gets fully "lit up" the city's hills and hollows will be lighted as they never were before.

Chappell got into the headlines of the pink and green sheets on Sunday. It was his hit on Saturday that "broke Connie Mack's heart."

Auto Burns in Road

Near Chandlerville

(From Thursday's Courier)

Chandlerville, Aug. 7.—An automobile owned by A. W. Morse of this place, was totally destroyed by fire about 8 o'clock last evening while on the road near Fairview church, Mason county, just west of Saldora. Mr. Morse with a party had been fishing on Sniacarte slough and was on his way home when the accident occurred. The roads had just been strawed in the sandy parts that day and the machine ran into the strawed portion before the danger was realized. After going a short distance the straw filled up under the car and the engines were unable to make the car go forward or backward. Almost instantly the straw became ignited, supposedly from the exhaust, and the flames spread so quickly that help could not reach the scene in time.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

CITY EMPLOYEES MUST WORK YEAR BEFORE TAKING VACATIONS

Council So Decided at Monday Morning Session—Will Get Figures on New Water Pipe From Lake to Pumping Station.

The Monday morning session of the city council was brief and most of the business transacted was routine in character. The tax levy ordinance providing \$70,000 for the general expenses of the public schools and \$25,000 for building purposes was read and laid over under the commission. Commissioner Brennan was instructed to get figures on the cost of laying a new water main from the lake to the pumping station. It was decided that no city employee shall be granted a vacation who has not been in the employ of the city for at least one year.

The council was called to order at 10:15 by Mayor Davis and the roll call by Mr. Pyatt showed that all members were present except Commissioner Newman, who is taking a vacation in Minnesota. The minutes were read and approved and bills were ordered paid when funds are available. Mr. Knollenberg said that in his opinion no city employee should be granted a vacation with pay unless he had been in the employ of the city for one year. He made a motion that this be the rule of the city and Commissioner Engel said he would second the motion if it was the understanding that it would apply to all departments alike. This was the intention of the motion and it was carried by a unanimous vote.

New Water Main Needed. Commissioner Brennan said that he had no figures as yet on the improvement, but that he believed the main which carries water from the lake to the pumping station. The present main is a twelve inch tile, which is not large enough to carry all of the water needed. In addition the tile has been in so long that at some points it is broken and there is a consequent loss of water. Mr. Brennan believes that an 18-inch main should be laid and that a course along the west side of the creek should be followed if possible, as this would cut down the distance to be traversed by 200 yards and so lessen the cost.

Mr. Engel asked if it would not be well to wait until the Widenham and Damb wells had been tested on as to quantity before expending any money on the main. Mr. Brennan said that all of the five wells were being pumped from now and that he was confident that the supply of water was not equal to the city's needs. He said that possibly more wells might be put down, but that he would not advise that course just now. It was the understanding by consent that Mr. Brennan will make an estimate as to the cost of laying the proposed new main and submit the figures to the council.

School Board Tax Levy. The tax levy ordinance, providing money for the city schools was brought to attention. It contained a provision for \$25,000 for building purposes. Mr. Knollenberg said he would be opposed to this section until he had absolute assurance that the board intended to fully complete the proposed new building with this addition to their building fund. Mayor Davis said that while he was in favor of a more expensive building that the board had gone on record as favoring a building to cost \$80,000 and that moreover E. E. Wells, member of the board, had stated to the board that he was so positive that the building could be erected for this sum after changes, he suggested that he was willing to resign from the board and take the contract to erect the building at that figure. The mayor said that the board could not doubt furnish the council with the revised plans for the building or with something to make clear the action taken at the board meeting relative to the cost of the building as now planned. He said further that the ordinance could not come up for final passage any-how until a later meeting and that before that time the information wanted could not doubt be obtained. Some minor matters occupied afternoon.

SHERIFF WILL WATCH FOR AUTOISTS WITHOUT LICENSE TAGS

Twenty Owners in Morgan County Said to Have Failed to Comply With the Law—Fees Range From \$4 to \$10.

Sheriff Rogers has been notified by Secretary of State Woods to watch for automobile owners without state license tags and to make arrests. There are said to be twenty or more owners of automobiles in Morgan county who have thus far failed to pay their taxes. The license fee for automobiles ranges from \$4 to \$10, depending upon the horse power of the machines.

The law with reference to registration of motor vehicles and motor-bicycles reads as follows: "Every owner of a motor vehicle or motor bicycle which shall be driven in this state shall, except as otherwise provided in this act, within ten days after he becomes the owner of such motor vehicle or motor bicycle, file in the office of the secretary of state an application for a certificate of registration—properly sworn to setting forth his name and address, with a brief description of the vehicle or bicycle to be registered, including the name of the maker, factory number, style of vehicle or bicycle and the motor power, and (except in case of electrical propelled vehicles) the amount of such motor power stated in figures of horse power or in kilowatts, as furnished by the secretary of state, for that purpose; and shall pay to such secretary of state a registration fee for each calendar year for each motor bicycle so registered the sum of \$2 and a registration fee for each calendar year for each motor vehicle so registered, of 25 horse power and less the sum of \$4; each motor vehicle of 35 horse power and more than 25 horse power, the sum of \$6; each motor vehicle 50 horse power and more than 35 horse power \$8; each motor vehicle of more than 50 horse power \$10. For each and every electric propelled motor vehicle so registered the sum of \$5, provided the first registration fee for each vehicle or bicycle shall be pro rated in proportion to the number of months included between the first day of the month in which any such vehicle or bicycle is first registered and the 31st day of December then next ensuing, and that no certificate for re-registration shall issue for less sum than the fee required for the calendar year. Further, it is provided that the owner of any motor vehicle registered with the secretary of state in compliance with the law, shall be entitled to register his vehicle in compliance with the provisions of this act upon the payment of the registration fee hereinafter specified, less the unearned portion of the registration fee previously paid by him, figuring such unearned portion from the month in which such motor vehicle is registered as herein provided to the month in which such registration shall expire. When all requirements have been met a descriptive number will be assigned.

KILLED A WOLF.

For some time past wolves have been making incursions on flocks of sheep and droves of hogs in the southeast part of the county and the residents have tried in vain to destroy them. Once an old one was sighted, but managed to get away, but recently C. W. Watson and some others were hunting for the marauders and Mr. Watson succeeded in bagging one about half grown. He thinks there are at least two more half grown ones in the vicinity and an old one and the hunters are much in hopes of being able to get them. Mr. Watson thinks the wolves got into this part of the country a year ago last winter when the weather was so severe that the Mississippi river was frozen over and certainly they are very unwelcome visitors.

Sunday Rev. E. C. Pires delivered two fine sermons in Northminster church and he was favored with a good sized audience at each service. It is a great pleasure to note the success of the young people who have gone from our city and Mr. Pires has proved one who has done the city honor. His wife who is a true helpmeet is also a native of Jacksonville, the daughter of Emanuel Fernandes and she is an honor also to Jacksonville.

ROW OVER "PAGAN TEMPLE."

Elliot, Mo., Aug. 11.—This was the day of the annual meeting and election of the trustees of Green Acre Fellowship, the big colony on the banks of the Pustagua, known throughout a large part of the world as one of the most unique religious organizations and exponent of "free thought." The result of the election is awaited with feverish interest by the colonists and others interested in the movement, among whom are many well known persons of Boston and New York.

The election follows a spirited campaign between two rival factions. Arrayed on one side are the followers of the Oriental prophet, Abdul-Baha-Abbas, who are known as Bahaists. In opposition are the original Green Acresites, who became pilgrims to this now famous ground to give expression to their ideals of universal brotherhood and free religious thought in its broadest aspect.

The Bahaists want a "pagan temple" erected as their shrine. They have selected for the site of this edifice a beautiful pine grove, where the Green Acresites have for years held their outdoor meetings.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in this case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers. (Adv.)

The Rotherham Advertiser contains the following account of the death: "Many a Rotherham people would hear with regret of the death of Mr. John Henry Mason, son of Mr. John Mason, the well known jeweler of High Street, Rotherham, which took place on Saturday morning. The deceased gentleman who was 46 years of age, had only been ill for about a week, and his death was quite unexpected. The circumstances of his death were particularly sad by reason of their suddenness, and also because it is understood that Mr. Mason had intended to join a life-companion on holiday in the month of a few days, when his illness struck him down. He had been attended throughout his sickness by a maid."

Although never figuring prominently in public life Mr. Mason was well known in the borough. He was an exceedingly genial companion, and as a member of the Rotherham Golf club at Thrybergh had won the friendship of all the members. In his private life he was an enthusiastic student of antiques. He had a very extensive knowledge of Rockingham china, in which his father specialized for years, and old jewelry, antique furniture, and articles of value had a great attraction for him. He could speak with considerable authority on these subjects. The funeral was held the Tuesday following his death and interment was made in the Rotherham (Moor-gate) cemetery.

Mr. Mason was a nephew of Oliver Mason of St. Louis, William Mason of Denver, Colo., who formerly resided in Jacksonville; Thomas Mason of Jacksonville, who passed away some time ago, and Ebenezer Mason, deceased, whose family resides at 208 East Chambers street.

Mr. Mason was of a family of well known jewelers who have been conducting a shop within a stone's throw of the present Mason jewelry store in Rotherham. Some one hundred years ago one of the Masons made a clock which is now in Vancouver, B. C., and only a short time ago when the mechanism got out of order it had to be sent to the Mason shop in England to be repaired.

Tuite. Mrs. Margaret Tuite died Monday afternoon at 5 o'clock at Our Savior's hospital, after a brief illness of five days. She was taken ill suddenly on Wednesday night, and on Friday morning she was removed to the hospital, where everything possible was done for her relief. Gradually she grew weaker until death ended her suffering on Monday evening.

Mrs. Tuite, whose maiden name was Margaret McCarthy, was born

in Ireland in 1857. At the age of 19 she came to this country, coming directly to Jacksonville to live. Six years later she was united in marriage to Thomas Tuite, of this city. Her husband, together with three daughters, Tillie, Frances and Margaret, preceded her in death over 20 years ago.

Mrs. Tuite is survived by one brother, John McCarthy, of Australia and two sisters, Mrs. Anna Fox, of New Zealand, and Mrs. Arthur Harmon of East College avenue, this city, to whose home the remains were taken.

Funeral arrangements will be announced later. Friends are requested not to send flowers.

HOT IN OKLAHOMA.

A letter from George C. Barber, of the class of 1868 Illinois college, dated at Prague, Okla., says: "How hot! 96 in the shade. But we do have cool nights and mornings and are thankful for that. 'I would so much have liked to have been back to commencement this year. I enjoyed myself so much last year; have lived that week over and over again for past year. Will try hard to get back next year for commencement.'"

"Our crops in this country are only fair. Will have enough to do us, I think, but not much surplus except cotton. Crop looks fair now, and can stand lots of drought. 'Tell any of the boys you may see 'hello' for me.'"

Prague is a town somewhat over 1,000 in population, and is in Lincoln county. Lincoln is one of the populous counties of Oklahoma, having over 37,000 in 1910.
